

## Calling all community non-profit groups and organisations from Rodney to Franklin

What would you like people to know about your community group or organisation? What is your focus?

Sports? The arts? Health? Community Development? The environment?

Have you ever wondered who else is around with a similar focus?

Or who is near you with a complementary focus? Maybe you'd like to network with others — but don't know how to find them?

Or you want to provide an event or activity to others across the Auckland region?

Community Connections Auckland can help spread your word and make links with others. How?

### SIMPLE

You put your community group or organisation and any events on a so that others can find you. It's free too.

It's about networking.

### SIMPLE

Networks are made by what we do and what we share.

Give it a go. Then spread the word.
